OFFICIAL LINESCouncil Decrees that Street Lines
and Grades of Engineer
Must be Observed

ORDER FOR ROSE IS GIVEN

City to Purchase One Thousand Feet
of Baker Fabric Hose—Action Taken
Relative to Rectifying Errors in
Hancock Street Paving Preliminaries
—Other Matters Before the Council.

At a special meeting of the council held last night, the details of the preliminary work of the Hancock street paving, that had to be done over a second time on account of a legal technicality were straightened out. This was necessitated by an oversight in the printing of notices calling for the meeting to hear complaints and remonstrances. Last night was the time set for the hearing of objections and remonstrances, and no one appearing to voice any complaint the plans and specifications were ordered accepted and placed on file. A resolution was also adopted requiring the board of special assessors to prepare an assessment roll for the cost of the paving. That finished the work of the special meeting. Another was immediately called, being an adjourned regular meeting. The report of the board of special assessors was received and ordered placed on file in the office of the city clerk, and notice to be published that it would remain there for two weeks for inspection. A meeting for the hearing of objections to the assessment rolls, if there are any, will be held on Friday evening, October 22.

A communication was received from William Karpinen asking the city to sell him the brushwood and timber that is being cut from the city property along the Hancock Mining company's railroad right of way, offering twenty-five cents per cord. The matter was referred to the city engineer.

Must Follow Street Lines.

The greater part of the time of the second meeting was devoted to a consideration of street grades and property lines, arising from a discussion of the Hancock street grades following the reading of a communication from C. A. Wright. This communication called attention to the grade of the south side of Hancock street near the Swift residence, claiming that if allowed to remain as at present it would seriously damage the Swift property, and stating that in his opinion the grade as given by the engineer would benefit no one, but that an easier grade could be established which could be made at smaller expense and less injury to property by making the sidewalk nearer to the grade of the lots.

Dr. Scallion interposed a remark during the reading of the communication to the effect that he thought that matter had been already disposed of. Mr. Hosking, of the street committee, said that the committee and the engineer has gone over the ground and the majority favored leaving the grade as established by the engineer.

Mr. Craig called attention to a slip that he had made out which gave in detail the various steps that had been taken by a former council relative to the Hancock and Montezuma street grades. This was read by the clerk. It stated that the grades were adopted on October 4, 1905, and that at a subsequent meeting residents of Hancock street had appeared before the council to express remonstrances.

Alderman Scallion said that he was a new man on the council and knew nothing of what had been done previously, except so far as indicated by the records of the council and from hearsay. He was not inclined to take any stock in hearsay and based his point of view on the council records. There was one entry he said stating that the street committee had been instructed to examine into the matter in 1905, but that there was no record of their having ever made any report. Alderman Hosking then moved that the report of the street committee, as given by Alderman Hosking, be accepted, and that all the street lines on Hancock street

all the sidewalks and sidewalk lines be those adopted in 1905, and that all property owners be made to conform to the grades and sidewalk lines heretofore established.

"From Montezuma park to Mesnard street," continued the fourth ward alderman, "there are a number of properties on the north side that encroach from two to three feet beyond the property line, and some property owners have erected small retaining walls, and built their sidewalks on the new line thus made in spite of the protests of the city engineer. Only one man in this district adhered to the original line, and he had no fence, so that there is no telling but that he might have done as the others did if he too had built a fence. The steepness of the grade is largely due to the encroachments of fences, which narrow the sidewalk. A bill for \$170 was presented at the last meeting of the council for expense incurred in moving back the fence of Mr. Whitten, and I can remember a celebrated case in which a Hancock man named Fisher was made to push back his fence and lay a walk on the property line. The engineer is in no way to blame, but the condition is partly caused by nature and is also the result of the 'land-grabbing' of abutting property owners. Yes, that's what it is—'land-grabbing.' We've been called all kinds of names for doing as we have. The cases cited are only a few. There are others, and it only fair to all that should be made to move back to the property line."

"The movement should not be confined to Hancock street, but should take in all parts of the city," suggested Mr. Maler.

It was decided to stick to the grades and plans made in 1905, and the city engineer was authorized to look after the rebuilding of the sidewalk on the south side of Hancock street at Montezuma park.

Fire Hose Ordered.
The fire and water committee reported on the matter of purchasing hose. Mr. Francis favored one kind, at 90 cents a foot, while the other members of the committee, Hosking and Holland, favored the dollar kind. It was put to a vote, and resulted in the election of the ninety-cent kind, the Baker fabric hose, favored by Mr. Francis, by a vote of 3 to 2. The clerk was instructed to place an order with M. R. Goldworthy for 1,000 feet.

FOOTBALL GAME SATURDAY.

Match for Copper Country Championship Between Hancock and Houghton.
The Hancock and Houghton high school football teams will meet on Saturday afternoon next in a match for the copper country interscholastic championship. L'Anse and Calumet are now out of the running by reason of their being defeated last Saturday and consequently the greatest interest will attach to the coming match, which will undoubtedly be hard fought and well worth witnessing. The Houghtons were the champions last year and are in good form this season, and the Hancock are prepared to give them a hard fight. Herbert Brennan, who was sub-center of last year's University of Michigan team, will referee the contest.

Ralph Clabattari has established a cafe in the place formerly occupied by the Hancock Publishing company's office in the Funky building on Ravine street. Carpenters are now putting the place in shape, and the opening will take place shortly.

START WALL MONDAY.

Contractor James McGlynn, who has the job of building the retaining walls for the front street fill and filling in the ravine with sand, will start work Monday upon the construction of the second wall, about thirty feet north of the first one. The second wall will be eight feet in height, and it is expected that it will be finished during the present month, after which sand from the hillside will be washed down against it by the Dakota Heights company as long as the weather conditions will permit. The materials for making the concrete are being taken to the scene of operations and work will be rushed as rapidly as possible.

GAME LAW VIOLATION.

Entry Fisherman Charged With Not Having License for Motor Boat.
Otto Juntilla of Portage Entry was arraigned before Justice Oliver last evening on a charge of maintaining a motor boat for commercial fishing purposes without having a license. Juntilla is claimed to have been warned several times by the county game warden and also had a letter's department from the state game warden's department cautioning him against fishing with an unlicensed boat and notifying him to procure one at once if he would avoid trouble. No heed was paid to the warnings and Juntilla was arrested yesterday by County Game Warden St. Clair Wilson. He was fined \$25 and costs and also took out a license.

A CHANGE IN OWNERSHIP.

The summer resort at Twin Lakes on the Copper Range railroad is now in the hands of a new owner, Ed Foley, now being the proprietor. Mr. Foley came into possession of the place, which consists of a story and a half hotel and two lots, located at the Twin lakes, one of the most attractive spots in the copper country, in exchange for his homestead of 160 acres. Emil Muenzel has run the place for several years past and has enjoyed wide popularity among the hunting fraternity of the county.

GUSTAF MAKKOLA IS DEAD.

Gustaf Makkola died Tuesday at the detention hospital of typhoid fever and smallpox, and the burial took place the same day. The deceased was 44 years of age and formerly worked at the Franklin Junior mine.

KILLED BY FALLING ROCK
AT THE QUINCY MINE

William Orr Dies From Injuries Received Last Evening While at Work in the Number Seven Shaft of the Quincy—Funeral Will be Held on Sunday Afternoon.

William Orr, employed at the Quincy mine, met death last night from the effects of injuries received in No. 7 shaft, dying at the St. Joseph's hospital, where he was taken after the accident. Orr and his brother Daniel, were working in the shaft between 7 and 8 o'clock last evening when a large mass of rock fell upon them, crushing William to the earth and burying him beneath the pile. Daniel received several bruises about the head and body but his injuries are not dangerous. William's head was crushed and he was otherwise badly crushed so that it was seen at once that he could not survive. He was hurried to the St. Joseph's hospital, where all that was possible was done for him, until he passed away at about 10 o'clock.

The deceased was 27 years of age and a native of Cornwall. He had been here about two years, during which time he had been employed at the Quincy. He is survived by two brothers in this city, Thomas J. and Daniel, and another brother, Frederick C. in Butte, Mont.

The funeral will be held on Sunday from the Pewabic Methodist Episcopal church, Rev. M. H. Eldred officiating, and interment will be in the St. George lot in Forest Hill cemetery, Houghton. The Sons of St. George, of which society Mr. Orr was a member, will have charge of the funeral arrangements.

BOARD OF CONTROL TO
DISCUSS CHAUTAUQUA PLANS

The board of control of the Copper Country Chautauqua assembly will hold a meeting today at the Hancock Methodist church to discuss plans for holding another assembly next summer. The question of arrangements with the Houghton county street railway company for the use of Electric park and car service during the sessions of the assembly will be among the principal features discussed. It is not certain that as advantageous terms with the street car company can be made as were given the past summer, when the first assembly was held, and if satisfactory arrangements can not be concluded, it is probable that some other place may have to be found at which to hold the meetings.

The official board of the Methodist church will hold a meeting this evening, to discuss matters pertaining to the church.

A meeting of the Ladies' Aid society was held yesterday afternoon at the residence of Mrs. Thomas Whittle in East Hancock. This was intended to be the annual meeting, and it was expected that the election of officers would take place at this time, but for various reasons the election was postponed.

The Women's Home Missionary society of the Methodist church will be held on Monday evening, October 11, at the home of Mrs. John Randle.

REAL ESTATE TRANSFERS.

W. Frank James has sold to Thomas Dennis lot 24 of block 3, of the Ulsteth addition; also the south half of lot 3, block 3, Anthony's addition to Engbert Simonson and the north half of the same lot to Axel Johnson. A. A. Johnson is erecting a new dwelling on the middle fifty feet of lots 5 and 6 of block 1 of Anthony addition, and Halvorson Brothers are building a five room house on lot 25, block 2, Anthony's second addition.

THE PRINTERS' DANCE.

Tickets have been placed on sale for the annual ball of the Houghton county Typographical Union, which is to be held on the evening of Tuesday, November 15, in Germania hall. The full Calumet and Hecla orchestra has been engaged and there will be several features out of the ordinary in connection with the affair. Tickets are being sold at \$1.00 per couple.

LOCAL MARINE MATTERS.

The steamer Pioneer arrived in port this morning with a cargo of coal for the People's Fuel company. The Northern Queen of the Mutual line is due tomorrow westbound, and the Northern Wind cleared yesterday for lower lake ports with a cargo of copper. The Gratiwick of the Chicago and Duluth line is due to arrive here to-morrow.

FUNERAL TOMORROW.

The funeral of the late Joseph Chartrand, who died yesterday at his home on Summit street of heart failure, will be held tomorrow morning at 9 o'clock from St. Patrick's church, and interment will be in the old Hancock cemetery. Mr. Chartrand was 64 years of age and has been a resident of the city for many years. He is survived by his wife and nine children.

HANCOCK BREVITIES.

Miss Anna Copeland is taking the place of Miss Rose Miller, who recently resigned as teacher at the Boston school.

A nuptial shower was tendered to Miss Daisy Miller last evening at her home in East Hancock, in honor of her coming marriage to John Huss of San Francisco. Miss Miller will leave this afternoon for San Francisco, where the wedding will take place. She will be accompanied as far as Chicago by her sister, Miss Rose Miller.

George and John Lembo of Harbor Beach are visiting at the home of their brother, Otto Lembo of Hancock street.

Miss Katie Ruesch of Watertown, Wisconsin, is visiting at the home of her sister, Mrs. P. Scholler.

The union bible class organized last winter during the visit of Herbert Moninger, the noted Sunday school and bible class worker, resumed its meetings for the season last evening and will meet each Thursday night hereafter at 7 o'clock at the Congregational church.

Recently reported births are a son to Mr. and Mrs. Joseph Trompeter of Vivian street; a son to Mr. and Mrs. Baptiste Rinaldi of Hill street, and a daughter to Mr. and Mrs. Axel Amundt of Prospect street.

The next lecture to be given by Prof. J. C. Carter Troop in the series of university extension talks on "Nineteenth Century Novelists," will be given in the high school assembly room, instead of Germania hall, as will also the other four remaining lectures of the series.

There was an increased attendance at the band concert given in the Kerredge theater last evening by the famous D'Urbano Italian band, which has made a big hit with local music lovers. The organization is one of the best of its kind that has ever visited copper country and those who have heard it are warm in its praises and are urging their friends not to miss hearing it.

The Holly Rebekah lodge gives a dancing party this evening in Germania hall with music by the Quincy orchestra.

A number of Hancock people who won prizes at the recent Copper Country fair in Houghton were the recipients of checks mailed to them yesterday for the sums awarded to them.

The new Finnish Lutheran church now under construction is being shingled with gray asbestos shingles, furnished by A. H. Krieger & Co. of Houghton.

Mr. and Mrs. J. E. O'Neill and Mr. and Mrs. August Krewitz have gone to Baraga county on a hunting trip.

preparations will be made for attending the county meeting at Calumet on November 7.

Joseph C. Wareham has been elected as delegate to represent the local Trades and Labor council at the convention of the American Federation of Labor at Toronto, Ontario.

Prof. J. C. Carter Troop of the University of Chicago will give the second of his lectures on Nineteenth Century Novelists at the high school assembly room this evening.

At the regular mid-week service at the Congregational church this evening the pastor, Rev. J. S. Gould, will speak on "Aid from Wit and Kin."

The public schools of Hancock, Quincy and Franklin will be closed tomorrow to enable the teachers to attend the inspiration institute which is to be held at Calumet on Friday and Saturday.

Rev. Mr. Kemper of the Soo, was in the city yesterday and called upon Rev. Marvin and Rev. Panoee. He was on his way to Ontonagon, where he will have charge of the Methodist church, to the pastor of which he was recently appointed.

Mr. and Mrs. D. Streng of Ripley left last evening for Loraine, Ohio, where Mr. Streng has a position and where the family will make their home.

TORCH LAKE NEWS

HUBBELL COUNCIL TABLES
REQUEST TO BUILD WALK

First National Bank People Ask That Cement Sidewalk Ordered Out by Council Some Time Ago Be Rebuilt by the Village, but Issue is Not Yet Settled by Officials.

Last evening an important meeting of the common council of Hubbell was held at which meeting matters of interest were taken up, especially that the cement sidewalk proposition in which the village of Hubbell and the First National bank people are the participating parties. It appears that at the last meeting of the councilmen the bank people desired information as to whether the village proposed to rebuild the cement walk in front of the bank which the village council ordered removed a little over a year ago. At that meeting the majority of the village trustees did not favor replacing the walk. It seems that the cement walk torn out was too high and it is said the village ordered it torn out with the understanding that when the new and permanent grade was established the village would build the walk and pay for the same. Cashier S. B. Cray of the bank and Louis Thurman, one of the directors, were both in attendance at the session of the council last night. The bank people stated that they only asked what any individual would ask for and did not see that they were requesting anything unreasonable. Trustee William Dunstone also talked on the same subject. He did not agree with the representatives of the bank that the village should replace the walk. He admitted, however, that the bank people had the law on their side and if they requested or demanded the walk built by the village, he as a trustee of the village, would be compelled to vote for it.

However the matter was not acted upon favorably and the request of the bank people was tabled for an indefinite period. The members of the council admitted they had an individual owned the property they would be willing to replace the cement walk, but they did not feel that they should do so for a corporation. E. X. Gillett, member of the council, stated that regardless of it being a corporation or co-partnership organization the village was in duty bound to live up to their promise and make the walk good and they could not convince him otherwise. Cashier Cray said that if the village would build the walk the bank people would pay one-third of the amount, or \$20, which he considered was a large enough.

A large number of bills were presented for payment, and after having been acted upon by the finance committee were ordered paid. Village Treasurer Daniel McNickle submitted his report at the council meeting. The total amount to be collected from taxation was \$1,154.65. Of this amount there was \$1,144.10 paid to him, leaving a delinquency of only \$7.55.

NEW FIXTURES ARRIVE
FOR THE HUBBELL BANK

The fine new framed oak fixtures which will be used in the First National Bank of Hubbell have arrived and were delivered in the institution yesterday. The fixtures are uniform and when installed will give the banking rooms a very neat and attractive appearance. They were manufactured by the Wellger Mfg. company of Milwaukee.

Linemen were in Lake Linden yesterday, installing a direct private telephone wire from the J. A. Minner brokerage office at Calumet. This will prove a big convenience for the bank's patrons keeping them in constant touch with the general market. The bank already has a direct wire with the Palme-Webber office.

John Harrington of Hubbell was in the bank Tuesday to complete the work on the vault, and Cashier Cray was agreeably surprised when Mr. Harrington handed him a good substantial sum for deposit, this practice.

THE WONDERFUL WIRELESS

Upon request we will send a little booklet telling just how the wireless works. Everyone should learn about the wireless, which is the most wonderful invention the world ever saw, and which offers

BOOKLET everyone an opportunity to obtain wireless through the purchase of a **FREE** United Wireless set. Address Keysen & Co., Harvester Building, Chicago.

JUST A FEW DOSES END KIDNEY MISERY
AND MAKE YOUR LAME BACK FEEL FINE

Out-of-Order Kidneys are Regulated Making Backache or Bladder Trouble Vanish—A Prompt Cure Awaits Hundreds of Men and Women Here in Calumet and Vicinity.

A real surprise awaits every sufferer from kidney or bladder trouble who takes several doses of Pape's Diuretic. Misery in the back, sides or loins, sick headache, nervousness, rheumatism, pains, heart palpitations, dizziness, sleeplessness, inflamed or swollen eyelids, lack of energy and all symptoms of out-of-order kidneys simply vanish. Uncontrollable urination (especially at night), smarting, offensive and discolored water and other bladder misery ends.

The moment you suspect kidney or urinary disorder, or feel any rheumatism, begin taking this harmless medicine, with the knowledge that there is no other remedy, at any price, made

anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

It is needless to feel miserable and worried, because this unusual preparation goes at once to the out-of-order kidneys and urinary system, distributing its cleansing, healing and strengthening influence directly upon the organs and glands affected, and completes the cure before you realize it.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape's Diuretic is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few days' treatment will make any one feel fine. Accept only Pape's Diuretic—fifty-cent treatment—any drug store—everywhere in the world.

NOT IN HER SET.

"Why should we be so anxious to communicate with Mars?" asked Mrs. Camrox.

"It would surely be desirable to know something of its inhabitants," replied the modest scientist.

"Do you think so? From what I read I gathered the idea that most of them are working on canals. Knowing as I do how some canal boatmen talk, I am very much inclined to let well enough alone."—Washington Star.

OUR HEARTS.

The faint gaze of Eden which is stamped upon our hearts in childhood, chafes and rubs in our rough struggles with the world, and soon wears away; too often to leave nothing but a mournful blank remaining.—Dickens.
